- Perusing MBA in information technology.

chandigarh group of colleges (CGC) | *MCA*   **2020-2022**
- Percentage: 76.95
- Master of Computer Applications.

EXPERIENCE

Uengage   **Oct 2022 - Jan 2023**
Junior Software Developer   Chandigarh, Punjab
- In my role as a Junior Software Developer at Uengage, I focused on making user interfaces (UIs) for different client apps. I was responsible for fixing any issues or bugs in the UI and ensuring that the designs looked great and worked well. I collaborated with the design team to turn their creative ideas into practical React components. Additionally, I worked closely with the Quality Assurance (QA) team to test the software thoroughly and make sure it met high-quality standards.

Bebo Technologies   **Chandigarh, Punjab**
Associate software developer   Feb 2022 - Sep 2022
- During my internship at Bebo Technologies, I honed my skills as a Front End Developer, primarily working with HTML, CSS, and JavaScript. I actively contributed to bug fixes and API integrations, collaborating seamlessly with the backend team. Additionally, I specialized in integrating graphical elements and tables to enhance data representation within the applications.
